**NORDIC TRANSPORT
MINISTERIAL MEETING**

13–14 May 2025 *Helsinki Finland*

Statement

The Nordic Transport Ministers fully agree on the need to identify, to highlight and to take into account the needs of cross-border military mobility, preparedness, and security of supply in the joint Nordic strategy for transport preparedness.

The Nordic Transport Ministers also agree on the need to take into account preparedness, military mobility and security of supply in the national transport system planning. This will happen in close cooperation with the defence counterparts.

The Transport Ministers also recognize the importance of regional Nordic cooperation and knowledge sharing on Host Nation Support in the context of NATO.
